design meets comfort

# HOSPITAL SERIES

Syona Hospital range of seating solutions are designed specifically for hospitals, clinics, and healthcare institutions with individual attention to purpose of use, both department wise and utility/function wise.

With a wide range of choice, easy installation, and space saving options, we have everything that you need for a pleasing, durable, and comfortable outcome. Our chairs are ergonomically designed to provide maximum comfort and support. We use premium materials and advanced manufacturing processes to ensure that our products last for years. Right from the patients' waiting area, doctors' chambers, cafeteria, staff/nurses' station, lobby area, and labs, we have designed our products keeping comfort, durability, and sustainability.

Our products have received great reviews across leading hospitals in the country, and have gained popularity within a short time frame with positive reviews.

# VISITOR SERIES

Hospital visits are made more pleasant with our range of comfortable seating solutions which are designed keeping patients' need in mind. Waiting for your turn at the hospital doesn't have to be spent on cold and hard chairs. Our chairs are made from high quality durable materials that are easy to clean and maintain, making it the perfect choice.

Our products are easy to install and store as they are stackable.
